

Mission Statement of the Charlotte Amateur Radio Club W4CQ AKA Charlotte Amateur Radio Corp

The mission of the Charlotte Amateur Radio Club is to promote the technical craft of amateur radio through training, mentoring and enhancing fellowship among radio amateurs.

Statement of Purpose

Prepare to use our network of technical resources to provide skilled operators, and disaster communications, when requested by any governmental department of emergency management, relief agencies or ARES (Amateur Radio Emergency Services) .

Work to establish and maintain infrastructure, plans and procedures to best utilize the capabilities of the Charlotte Amateur Radio Club.

Train and experiment with new modes of communications so that we may provide quality communications to ensure public safety and continuity of essential public services.

Periodically provide licensing classes and VE testing to promote the use of amateur radio as both a hobby and a vehicle for providing emergency communication services to our community.
